### **Welfare of Old Aged People:**

Care of the sick and destitute is a complex process. The risks from disability, chronic illness and destitution are a process exacerbated by poverty and other forms of structural inequalities. Cultural patterns, prevailing attitudes and expectations - all need to be factored in while homing in on a model of appropriate care. We believe in ensuring that a person who is not fully capable of self-care can maintain the highest possible quality of life, according to his or her individual preferences, with the greatest possible degree of independence, autonomy, participation, personal fulfillment and human dignity.

### **Women Empowerment Programme:**

We conduct every year women empowerment courses. The courses offered in Tailoring & Beautician, typically range anywhere between 3 – 6 months, providing the students adequate knowledge to facilitate livelihood opportunities at the end of the training programme.

Technically sound trainers help and motivate the students to understand the smallest but critical technical knowhow of the desired skill development programme. The students are also provided tips on kick starting their livelihood through self employment opportunities.
